MEMORANDUM NO. 2010-129

TO: School District Superintendents
Curriculum Directors

FROM: Tammy Schroeder, Education Consultant
Standards and Assessment Division

DATE July 30, 2010

SUBJECT: Health Education Content Committee Meetings

INFORMATION TO SHARE

The Health Education Standards Review Committee has scheduled a meeting for the following times and at the following place:

Sunday, August 1 and Monday, August 2, 2010, 8:00 a.m. – 5:00 p.m.
Natrona County School District #1
Central Services Building
970 North Glenn Road
Casper, WY

All standards review meetings are open for public attendance. Participation in the committee work is limited to committee members. Public input on the draft revisions of the standards will be collected electronically once the draft documents are released this fall.

Wyoming statute § 21-2-304 (c) requires that “. . . not less than once every five (5) years, the board shall evaluate and review the uniformity and quality of the . . . student content and performance standards.” The standards are used by schools to define what students should know and be able to do in each of the nine content areas: career/vocational education, fine and performing arts, foreign language, health, language arts, mathematics, physical education, science, and social studies. For each content area a working committee composed of school district staff, parents, business leaders, civic leaders and University of Wyoming and Wyoming Community College representatives will evaluate and review the standards. Upon completion of the review process, these committees will develop recommendations for the State Board of Education to consider.
